

## Service

**We are excited to announce a new Carefree exclusive service product – Pin Hole Pro.**

Specially formulated for Carefree's vinyl canopies with colors matched specifically to Carefree's standard vinyl fabrics.

### Pin Hole Pro Vinyl Repair Compound

Avoid time consuming vinyl canopy replacements because of small voids (pin holes) in the fabric. Pin Hole Pro can patch voids up to 1/8" in size.

Pin Hole Pro dries quickly, forming a permanent bond with the vinyl. The compound dries flexible and does not smear or rub off when the canopy is rolled up.

Available in 4 colors:

White	901300WHT
Black	901300BLK
Silver	901300SIL
Gray	901300GRY

Product sold in single 8ml bottles.

*NOTE: Product can only be shipped UPS ground.*

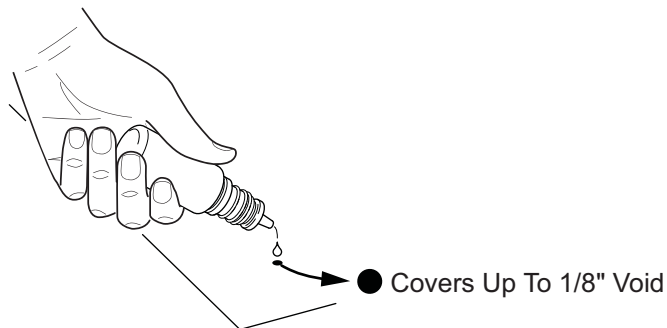

### WARRANTY APPLICATION

Small voids (pin holes) are a common characteristic of vinyl fabrics. In order to eliminate the time required to replace an entire canopy and minimize the environmental impact of discarding an entire canopy due to fabric voids, Carefree is introducing Pin Hole Pro.

Starting July 5, 2017, Carefree will send out a bottle of Pin Hole Pro for vinyl repairs<sup>1</sup> on warranty claims related to voids.

### SIMPLE APPLICATION

1. Clean area to be repaired.
2. Place a drop of the Pin Hole Pro over the void.  
NOTE: Larger voids may require 2 or 3 drops.
3. Allow to dry for 10 minutes.

Contains: MEK 78-93-3, Poly (Vinyl Chloride) 9002-86-2

**⚠ WARNING** Highly flammable; may cause eye and skin irritation; may cause drowsiness and dizziness; use in well ventilated area; prolonged exposure to fumes can cause irritation to nose, mouth, throat and respiratory system. FOLLOW THE SAFETY PRECAUTIONS ON THE INSIDE OF THE LABEL BEFORE USING THE PRODUCT.
