

PRODUCT DATA SHEET

SUNSHADE

Exterior Rear Window Retractable Shade

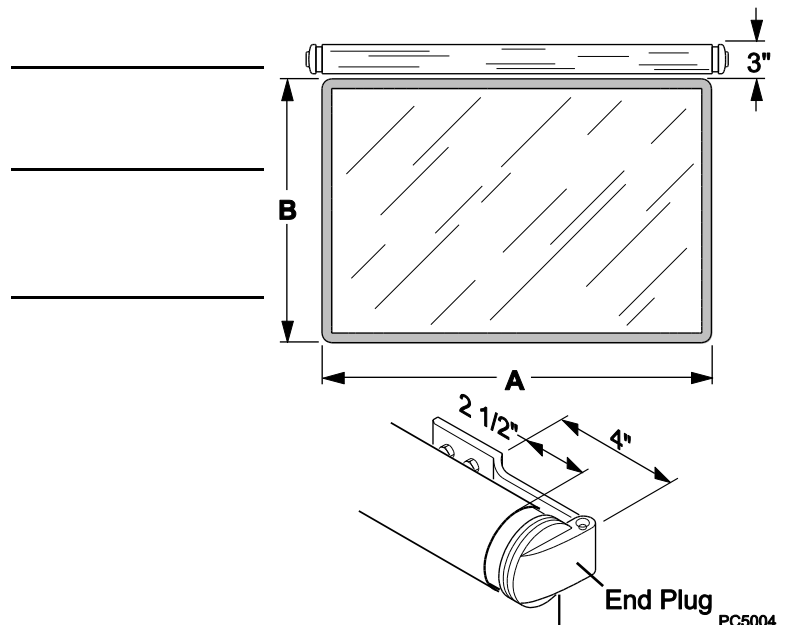

- Blocks the heat from the back window to reduce the interior heat and protect the interior furniture and curtains from the damaging ultraviolet sunrays.
- Covers 100% of the window glass.
- Made with FullView open weave fabric to allow a clear view out.
- Available from 30" to 72" widths with a vertical drop up to 60".
- Rolls up for travel and rolls down form camping.

NOTE: The Sunshade is NOT intended for use on the side of the vehicle, over an emergency exit or for indoor use!

HOW TO MEASURE

1. Measure Width "A" (from outside of frame to outside of frame)
 - This will be the fabric width
 - The overall length = Fabric width + 3"
2. Measure Height "B" (from outside of frame to outside of frame)
 - This will be the minimum fabric height required

NOTE: The Sunshade requires a minimum 3" flat mounting space above the window.

WARRANTY

The Sunshade is covered by the standard Carefree of Colorado 1 year Limited Warranty.
